Experience

Developers Connect Philippines (DevCon) — Ortigas, Pasig (Hybrid)
Creative Studios Intern — August 2026 - Present

- Led the creative and technical process behind DevCon Studios' **video content**, from scriptwriting to filming and editing.
- Served as the **on-air host** for DevCon Studios' **podcast**, engaging audiences through hosted episodes.
- Conceptualized and produced **promotional materials and advertisements** to drive visibility for upcoming DevCon events.

NetAesthetics — Washington, DC (Remote)
UI/UX Engineer Intern — June 2024 - September 2024

- Designed intuitive user interfaces in Figma, translating product requirements into polished **wireframes and high-fidelity mockups**.
- Conducted **user research and usability testing** to uncover pain points and validate design decisions.
- Iterated on design solutions based on user feedback, refining **flows across web, mobile, and other digital products**.

Leadership & Activities

Junior Philippine Computer Society - FEU Tech — Sampaloc, Manila
Director for Events — August 2024 - July 2025

- Directed the planning and execution of major organizational events, including *Reboot & Map*, *Decrypt & Decode*, *Ctrl + Z: Reboot Our Legacy*, and *Ground Zero: Charting Path to Success*.
- Developed **program scripts, presentation materials, and event activities** to ensure smooth and engaging execution.

SIKAPTala 2026 Hackathon — Dasmariñas, Cavite
Pitch Presenter — May 2026

- Pitched **Linea**, a queue management system that replaces physical lining up with a structured, remote queuing flow, to a panel of judges at the national CS & IT competition.
- Designed the **pitch presentation deck** to support and reinforce the team's live pitch.
- Won **Grand Champion** among competing teams nationwide, earning a ₱15,000 cash prize.

Technofair and Pitch Presentation 2025 — Sampaloc, Manila
UI/UX Designer — July 2025

- Designed the UI/UX for **IgnisAid**, a mobile app that helps individuals with disabilities call for help and receive assistance during fire emergencies, and wrote the **script** and **voice-over narration** for the project's infomercial video, winning **Champion** among competing teams.

Technical Skills

- **Languages:** Python, JavaScript, PHP, C++, Kotlin
- **Development:** HTML, CSS, Tailwind CSS, React, CodeIgniter 4
- **Systems:** Linux, Windows Server 2025, Cisco Packet Tracer
- **Design:** Figma, Canva, Adobe Photoshop, Adobe Illustrator
